“Add more value to your products and services.”

It is our ongoing effort to provide a better working environment in the industry and to add some more value to the products produced or services provided.

Managing Time, Providing Work Convenience, Economizing on Man-hours, Reducing stress from work etc. is tried to achieve at all the work levels, may it be Design and Development, Administration, Production, Packaging and Forwarding, Delivery, etc. Maneuverability is one factor that provides perfect assistance in achieving these goals.

Castors seems an insignificant product but provide a great deal in maneuverability.

One reliable name in castor that provides a perfect maneuverability is Kalpar castor.

Kalpar Castors are strong, sturdy and reliable castors. It has one mission "to roll" even in the most unfavourable conditions without demanding any attention or service. These are the virtues that add value to the product and services and that is why quality manufacturers, hospitality and other service industries, who look for value added component and accessories, prefer only Kalpar Castors. Once a Kalpar user is always a Kalpar user.

Kalpar Castors are manufactured in India by an ISO 9001:2000 certified company Kalpar Engineers Pvt. Ltd.
